BY ORDER OF THE BOARD

**SCOTT G.M. WEATHERBY
CHIEF FINANCIAL OFFICER AND CORPORATE SECRETARY**

NOTES:

1. Shareholders who are unable to be present personally at the meeting are requested to sign and return, in the envelope provided for that purpose, the appropriate Class A Subordinate Voting Shares or Class B Common Shares form of proxy accompanying this notice.
2. Shareholders owning both Class A Subordinate Voting Shares and Class B Common Shares should sign and return both proxy forms.
3. Only holders of Class A Subordinate Voting Shares and Class B Common Shares of the Company of record at the close of business on March 12, 2014 will be entitled to vote at the meeting except to the extent that (a) the shareholder has transferred the ownership of such shares after such date and (b) the transferee of such shares produces a properly endorsed share certificate or otherwise establishes ownership of such shares and demands no later than 48 hours before the meeting that their name be included in the list of shareholders entitled to vote at the meeting.

HOW TO VOTE

VOTING BY REGISTERED SHAREHOLDERS (Shares are directly held in your name):

As a registered shareholder, you may vote in one of several ways:

1. Attend the Annual Meeting

You are entitled to attend the meeting and cast your vote in person. To vote shares registered in the name of a company, the company must have submitted a properly executed proxy to CST Trust Company appointing you as proxy for the company, or a certified copy of a resolution authorizing you to exercise the company's rights as a shareholder.

Or

2. By Proxy

If you do not plan to attend the meeting, you may cast your vote by proxy in one of two ways:

- (a) you may authorize the management representatives of the Company named in the proxy to vote your shares; or
- (b) you may appoint some other person to attend the meeting and vote your shares on your behalf.

To convey your voting instructions, complete the enclosed proxy form in full, sign and return it by mail in the envelope provided or via facsimile to 416-368-2502, toll free to 1-866-781-3111, or e-mail scanned signed proxy to proxy@canstockta.com.

If you choose option (b), print your appointee's name in the blank space on the enclosed proxy form and indicate how you would like your shares voted. Sign and return the completed proxy form in the envelope provided or mail to the following address: Proxy Department, CST Trust Company, P.O. Box 721, Agincourt, ON M1S 0A1. Your votes can only be counted if your appointee attends the meeting and votes on your behalf.

To ensure that your vote is recorded, your proxy must be received by CST Trust Company at its office no later than 10 a.m. (Toronto time) on May 6, 2014 or if the Annual Meeting is adjourned, no later than 11:00 a.m. (Atlantic time) on the second day before the day which the meeting is adjourned.

If you are a non-registered shareholder who has asked to be provided with meeting materials, you will have received a package from an intermediary who holds your shares (for example, your broker) that will contain a voting instruction form. The Company does not have the names of its non-registered shareholders. *Carefully follow the instructions that accompany the voting instruction form.* There are two kinds of non-registered shareholders – those who object to their name being made known to the issuers of securities which they own (called "Objecting Beneficial Owners") and those who do not object (called "Non-Objecting Beneficial Owners"). The Company does not intend to pay for your broker or intermediary to forward to Objecting Beneficial Owners the proxy-related materials and voting instruction form. Accordingly, Objecting Beneficial Owners will not receive these materials unless the Objecting Beneficial Owner's broker or intermediary assumes the cost of delivery.

As a non-registered shareholder, you may vote in one of two ways:

1. Attend the Annual Meeting

You are entitled to attend the meeting and cast your vote in person as follows:

- (a) You may vote in person at the annual meeting by inserting your name as appointee in the space provided and follow all other instructions provided by your agent.
- (b) You may appoint some other person to attend the meeting and vote your shares on your behalf by inserting his or her name in the space provided as appointee and follow all other instructions provided by your agent.

(Please note that in both (a) and (b) above, your votes can only be counted if you or your appointee, as applicable, attends and votes these shares at the meeting.)

Return the completed voting instruction form in the enclosed envelope. When you arrive at the meeting, you should advise the transfer agent that you are a proxy appointee.

Or

2. By Proxy

If you hold a voting instruction from an agent of an intermediary:

- (a) You may authorize management appointees as outlined in the voting instruction to vote on your behalf.
- (b) You may vote by mail, telephone or internet, depending on the options provided by the agent.

MANAGEMENT INFORMATION CIRCULAR

MANAGEMENT SOLICITATION

The information contained in this Information Circular is furnished in connection with the solicitation of proxies by the management of Newfoundland Capital Corporation Limited (the "Company") for use at the Annual General Meeting of Shareholders of the Company (the "**Annual Meeting**") to be held on Thursday, May 8, 2014 at 11:00 a.m. (Atlantic time) in the Baronet Ballroom, Delta Halifax Hotel, 1990 Barrington Street, Halifax, Nova Scotia for the purposes set out in the enclosed Notice of Meeting. This solicitation will be primarily by mail; however, proxies may be solicited personally, or by telephone, by officers or employees of the Company. The cost of solicitation will be borne by the Company.

APPOINTMENT AND REVOCATION OF PROXIES

The enclosed proxy is solicited by the management of the Company and a shareholder has the right to appoint a person to represent such shareholder other than the person named in the proxy by inserting the name of such person in the space indicated in the proxy.

A proxy may be revoked by a registered shareholder giving such proxy by completing and signing a proxy form bearing a later date and delivering it to CST Trust Company, or by delivering a written statement executed by the shareholder or by his or her duly authorized attorney, or if the shareholder is a corporation, under its corporate seal or by an officer or attorney duly authorized, and in any such case, to either Corporate Secretary of the Company at the head office of the Company up to and including May 6, 2014, or the second business day preceding the day to which the meeting is adjourned, or to the Chairman of the meeting prior to the commencement of the meeting on the day of the meeting or the day to which the meeting is adjourned. A proxy may be revoked by a non-registered shareholder by giving written notice to the nominee or intermediary, provided that the revocation is received at least seven days prior to the meeting.

Holders of both Class A Subordinate Voting Shares and Class B Common Shares of the Company are asked to execute and return both the white Class A Subordinate Voting Share proxy form and/or the blue Class B Common Share proxy form, as applicable.

VOTING OF PROXIES

The shares represented by proxies in favour of management nominees will be voted at the meeting except on those matters for which they have been directed to refrain from voting. Where any matter listed on the form of proxy indicates a choice of action, the shares will be voted in accordance with the choice specified by the shareholder.

In respect of proxies in which shareholders have not specified the manner in which votes are to be cast, the shares represented by such proxies will be voted in favour of all such matters specified therein.

The form of proxy also confers discretionary authority upon the persons named therein with respect to amendments or variations of the matters identified in the Notice of Meeting and other matters which may properly come before the meeting. Management knows of no matters to come before the meeting other than those identified in the Notice of Meeting. However, if any other matters which are not known to management should properly come before the meeting, the shares represented by proxies in favour of management's nominees will be voted on such matters in the discretion of the proxy nominee.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The only voting securities of the Company are its Class A Subordinate Voting Shares and Class B Common Shares. There are issued and outstanding 24,357,981 Class A Subordinate Voting Shares and 3,770,222 Class B Common Shares. Each Class A Subordinate Voting Share carries the right to one vote and each Class B Common Share carries the right to ten votes. As a class, the Class A Subordinate Voting shares represent 39.2% of the votes on matters at the Annual Meeting. In the event of a vote to change any right, privilege, restriction or condition attached to either the Class A Subordinate Voting Shares or Class B Common Shares, the Class B Common Shares are entitled to one vote per share.

The ten votes attaching to each Class B Common Share shall be decreased to one vote, 180 days following the acquisition of Class B Common Shares pursuant to a take-over bid:

- (a) where the number of Class B Common Shares acquired, together with the number of Class B Common Shares owned on the date of the take-over bid, directly or indirectly, by the offeror(s) or associates, exceeds, in aggregate, 50% of the outstanding Class B Common Shares; and
- (b) where the provisions of the Ontario Securities Act and the by-laws, regulations or policies of a stock exchange on which the Class A Subordinate Voting Shares and Class B Common Shares are both listed, applicable to such take-over bid, have not been complied with (as if the Class A Subordinate Voting Shares and Class B Common Shares were shares of the same class or series having a market price equal to that of the Class B Common Shares).

Under the share conditions attaching to the Class A Subordinate Voting Shares, holders have no right to participate if a take-over bid is made for Class B Common Shares. However, Harry R. Steele, who owns directly or indirectly 3,658,002 (97.0%) of the Class B Common Shares, has undertaken not to accept any take-over bid for the Class B Common Shares or to tender these shares under any such bid unless a take-over bid is also made for Class A Subordinate Voting Shares on the same terms and conditions.

The Company is a "constrained-share company" to ensure that it and companies in which it has a direct or indirect interest qualify for the requisite licences to carry on a broadcasting undertaking within the meaning of the *Broadcasting Act*, Canada. For this purpose, the constrained-class consists of persons who are not Canadian citizens or who are companies that are controlled directly or indirectly by citizens or subjects of a country other than Canada. The directors of the Company shall refuse to allow a transfer of a share of the Company to be made or recorded in the register of the Company and shall not accept a subscription for a share of the Company if the result of allowing such transfer or accepting such subscription would be that the shareholders (registered, beneficial or associated) who are members of the constrained-class would exceed either 33^{1/3}% of the issued and outstanding voting shares or 33^{1/3}% of the votes attaching to the shares of the Company. If a share is issued or if a transfer of a share is registered and it is later found that such share is in fact held by or for the account of any person or corporation so as to jeopardize or adversely affect, in the opinion of the directors, the right of the Company or any subsidiary to obtain, maintain, amend or renew a licence to operate a broadcasting undertaking, such share shall not be entitled to vote, to receive dividends, to receive assets on liquidation nor have any other rights, and the holder of such share shall not be entitled to receive notice of meetings nor to attend or vote at meetings. Such holder shall have the right to sell such share to a person who will not jeopardize the broadcasting undertaking.

Shareholders who are the registered holders of Class A Subordinate Voting Shares and Class B Common Shares in the Company record maintained by CST Trust Company, Halifax, Nova Scotia at the close of business on March 12, 2014 will be entitled to receive notice of and vote at the meeting except to the extent that (a) the shareholder has transferred the ownership of such shares after such date and (b) the transferee of such shares produces a properly endorsed share certificate or otherwise establishes ownership of such shares to the satisfaction of the chairman of the meeting and demands not later than 48 hours before the meeting that their name be included in the list of shareholders entitled to vote at the meeting.

Harry R. Steele owns directly and indirectly 15,622,875 Class A Subordinate Voting Shares, representing approximately 64.1% of the Class A Subordinate Voting Shares, and 3,658,002 Class B Common Shares, representing approximately 97.0% of the Class B Common Shares.

Dundee Corporation owns 2,899,000 Class A Subordinate Voting Shares representing 11.9% of the Class A Subordinate Voting Shares.

To the knowledge of the directors and officers of the Company, no other person beneficially owns or exercises control or direction over more than 10% of the voting rights attached to any class of securities of the Company.

ELECTION OF DIRECTORS

The Board of Directors has adopted a majority voting policy that requires in an uncontested election of directors, any nominee who received a greater number of votes “withheld” than votes “for” will tender a resignation to the Board of Directors promptly following our annual meeting. The Audit and Governance Committee will consider the offer of resignation, and except in special circumstances, will recommend that the Board of Directors accept the resignation. The Board of Directors will make its decision and announce it in a press release within 90 days following the annual meeting, including the reasons for rejecting the resignation, if applicable.

Each of the persons whose name appears hereunder is proposed to be elected as a director of the Company to serve until the next annual general meeting of shareholders or until their successor is elected or appointed. IT IS INTENDED THAT THE SHARES REPRESENTED BY PROXIES IN FAVOUR OF MANAGEMENT’S NOMINEES, EXCEPT THOSE DIRECTED TO BE WITHHELD, WILL BE VOTED IN FAVOUR OF THE ELECTION OF SUCH PERSONS AS DIRECTORS OF THE COMPANY.

SHAREHOLDER FEEDBACK AND LIAISON

Shareholder feedback, inquiries and concerns are promptly dealt with by management. To date, it has not been necessary for the Board of Directors of the Company to take an active role in responding to shareholder feedback, inquiries or concerns. Procedures in place include the Company’s annual meeting, as well as liaison provided through the Company’s Secretary, whose responsibilities include fulfilling the role of Investor Relations Officer.

The Board of Directors functions independently of management. This is achieved in many ways, which include the structure and mandate of the Board of Directors and its Audit and Governance Committee; the majority of independent directors; the quality of the Board members that the Company has been able to attract; the active participation of such members; and the strongly held views of both management and the Board of Directors concerning independence from each other. The Board of Directors is satisfied that it operates independently of management.

For further information on the Company’s corporate governance practices refer to Appendix A.

STATEMENT OF EXECUTIVE COMPENSATION

1. Objectives of Statement of Executive Compensation

The statement of executive compensation provides information on direct and indirect compensation paid to certain executive officers, the Chairman of the Board and other directors, in connection with services they have provided to the Company. This Section will describe how decisions are made as they relate to determining the appropriate level of executive compensation paid, payable, awarded, granted or otherwise provided, directly or indirectly, by the Company to each Named Executive Officer. The Company's Named Executive Officers are: Harry R. Steele, Chairman of the Board (the "Chairman"), Robert G. Steele, President and Chief Executive Officer ("CEO"), David J. Murray, Chief Operating Officer ("COO"), and Scott G.M. Weatherby, Chief Financial Officer and Corporate Secretary ("CFO").

1.1 Compensation Governance

(a) *Composition of Committee responsible for overseeing compensation policies and practices*

The Company does not have a separate Compensation Committee. Instead, the Audit and Governance Committee (the "Committee"), which is made up of independent members of the Board of Directors, is responsible for monitoring, reviewing and providing guidance on executive compensation. These independent Committee members are:

Michael C. MacDonald
Allen F. MacPhee
David I. Matheson, Q.C.
Donald. J Warr, FCA

The Committee members, as a whole, have the necessary relevant experience to carry out their duties and responsibilities for executive compensation as well as the skills and competencies to make decisions on the suitability of the Company's compensation policies and practices. Specifically, the majority of members of the Committee currently have, or have held, senior management roles of organizations with human resources staff and senior management reporting to them on executive compensation. One of the members, a partner in a firm of chartered accountants, has had many years of experience advising owner-managers and boards of directors on compensation matters. The members, having held leadership positions, have had to provide advice on, or manage and oversee, sound compensation practices that were aligned with the best interests of shareholders and employees, and that promoted sustainability. Their combined experience, along with the fact that all of these members are financially literate, speaks to their financial expertise with respect to executive compensation.

(b) *Executive Compensation – Policies and Practices and Risk Oversight*

The Committee's mandate within the Charter of the Committee, which is available on the Company's website at www.ncc.ca, includes compensation duties. In carrying out its compensation responsibilities, the Committee reviews the risks associated with executive compensation so as to reasonably ensure that compensation policies and practices do not encourage excessive risk-taking or result in a material adverse effect on the Company. The Committee constantly examines compensation policies to satisfy itself that no compensation practices could or would encourage risk-taking or affect the Company adversely. The Company maintains a system of internal controls, which the Committee monitors on a regular basis that discourages risky transactions and behaviour. The Committee reviews recommendations of management related to salary increases as well as annual and long-term incentive plans. The Committee provides advice on terms and conditions of employment so as to ensure they are designed to advance the growth and profitability objectives of the Company and to attract senior employees for long-term organizational commitment. In carrying out this mandate the Committee carefully considers the contribution made by each of the Named Executive Officers. The Company does not ordinarily engage in risky types of compensation programs such as, for example, awarding for short-term objectives or paying in advance of the completion of a project or objective. The Company has a consistent and straightforward compensation structure for all executives which is heavily weighted on pay-for-performance.

As described under section 2 below, the Company's compensation structure is fairly straightforward. It includes base salary, annual incentive plan (annual bonus), long-term incentives (executive stock options and stock appreciation rights) and pension benefits. The Committee, through completing its compensation duties, has not identified any risks related to the Company's compensation policies and practices that would reasonably likely have a material adverse effect on the Company. Risks and uncertainties that could have a material adverse effect on the Company are included in the Management's Discussion and Analysis ("MD&A") and no such risk relates to executive compensation.

Although the Company has not adopted a policy that disallows Named Executive Officers to purchase financial instruments designed to hedge any equity-based compensation awards or the value of the securities they hold, the Company is not aware of any Named Executive Officers having adopted such practice.

(c) *Compensation consultants*

The Company has not engaged the services of compensation consultants in the two most recent years. The Company, however, does periodically engage the services of compensation consultants.

2. Compensation Discussion & Analysis

2.1 Compensation Discussion & Analysis

(a) Objectives of the Compensation Program

The Company's executive compensation program is based on attracting, motivating and retaining high-quality executives by providing a competitive level of compensation that rewards individual performance. Overall compensation is intended to maintain a fair and equitable relationship among the various positions within the Company, while recognizing individual employee contributions toward the achievement of the Company's overall short-term and long-term goals and objectives.

(b) What the Compensation Program is Designed to Reward

The Company's executive compensation program is designed to provide a competitive level of compensation, to reward individual performance and to provide incentives to executives to achieve and exceed performance based goals. The Company's compensation policy is therefore heavily weighted towards pay-for-performance components. Performance goals are substantially based on improving the Company's financial results and therefore, individual goals are aligned with shareholder interests.

The compensation program has been established to compete with those of other public entities that are similar to the Company. In this respect, compensation practices of other public entities are compared to the Company's programs. Market information is compiled from public entities involved in the broadcasting industry, as well as Atlantic Canadian-based public entities of similar size. Ten public entities are considered for purposes of reviewing and establishing the Company's compensation program and those are: Astral Media Inc., Clarke Inc., Clearwater Seafoods Income Fund, Corus Entertainment Inc., Crombie Reit, DHX Media, High Liner Foods Inc., Killam Properties Inc., Major Drilling Group International Inc., and Rogers Communications Inc. While these companies form the "**Comparator Group**", the Committee, in conducting their compensation-related duties, also reviews general executive compensation surveys, other market indicators and considers the Company's actual and past financial performance against targets and against results of the Comparator Group.

(c) Elements of Compensation, Determination of Amounts for each Element, and Rationale for Amounts of each Element

The major elements of the Company's executive compensation program are base salary, performance based compensation and long-term compensation in the form of granting executive stock options, stock appreciation rights, and retirement benefits.

For all Named Executive Officers other than the CEO, and the Chairman, the compensation policies and guidelines are recommended by the CEO and approved by the Committee. The compensation for the CEO and the Chairman is recommended by the Committee and approved by the independent members of the Board of Directors. The following sections (2.1.1 to 2.1.4) effectively describe the compensation policies and guidelines applicable to the NEO's, excluding the CEO and the Chairman. The compensation policies and guidelines related to the CEO and Chairman are described in section 2.1.5 and 2.1.6, respectively.

Personal benefits and other perquisite benefits provided to senior management are reflective of generally accepted and competitive practices in the industry.

2.1.1 Base Salaries

Base salary compensates management for discharging their duties in respect of their position descriptions. Salaries are reviewed on an annual basis. Factors considered in setting base salaries include corporate as well as individual performance, the requirements of their position, the executive's skills and experience, overall teamwork, job complexity and competence compared to executives in similar roles in comparable companies.

Each of these factors is reviewed in accordance with the contribution expected of the individual executive officer. The base salaries from the Comparator Group information from 2012, and 2013 when available, was compared to the Company's base salaries; particular attention was paid to the Atlantic-Canadian based Comparators as the size, revenue and asset bases were more comparable to the Company's.

2013 base salaries for all Named Executive Officers were set by applying an inflationary factor of approximately 2% to the 2012 base salaries. This decision was approved by the Committee and by the Board as it related to the CEO's base salary.

2.1.2 Performance Based Compensation

An annual incentive plan is an integral part of a balanced compensation program. The method of determining performance based compensation for NEO's, as determined by the Committee, takes into account essential quantitative factors such as the Company's actual performance against its budget, as well as various other quantitative and qualitative

elements, outlined below. Personal achievement, including extraordinary performance beyond the normal expectations for an individual's position, is also taken into account.

No pre-determined quantitative formula was used in 2013 to compute performance based compensation. The compensation was determined subjectively, with the weighting allocated to each of the following quantitative factors (this comprehensive list does not include every factor considered): personal performance against corporate goals, corporate performance versus budget, achievement of corporate short-term objectives, results of radio industry ratings for the Company's radio stations, and local and national advertising revenue compared to the radio industry. The corporate short-term objectives in 2013 included, but were not limited to, growing organic operations by increasing revenue and controlling discretionary costs, effectively integrating the operations of new stations acquired and launched during the year, maintaining and/or improving industry ratings, focusing on strategic initiatives to grow the Company in the immediate term and reviewing acquisition opportunities as they arose. Performance based compensation of senior management employed by the Comparator Group, particularly those employed by Atlantic-Canadian entities, was also used as a benchmark. The NEO's were collectively awarded performance based bonuses of \$2,100,000 in 2013.

When determining the appropriate bonuses to be paid to all of the NEO's, actual financial results (the primary measure being earnings before interest, taxes, depreciation and amortization) were compared to budget and prior year. While actual results were slightly below budget and the prior year; the management team met other qualitative goals that the Committee felt warranted consideration and therefore reached the conclusion that in totality, bonuses equal to last year's bonuses were deemed reasonable and appropriate for the NEO's. These other qualitative goals included the strategic analysis of a potential sale of the Company's western operations and the successful negotiation of the largest purchase agreement in the Company's history to acquire two radio stations in Toronto, Ontario and three stations in Vancouver, British Columbia.

2.1.3 Long-Term Compensation

A key component to the future success of the Company is to have its team of executive officers focus on long-term performance and increased shareholder value through the pursuit of its strategic plans. The Company's long-term compensation plans are designed to encourage its executive officers to maintain an ownership focus to align the objectives of the shareholders with that of the senior executives with the goal of maximizing shareholder value. In doing so the Company believes this will attract high quality individuals.

The Company under its Executive Stock Option Plan ("**Option Plan**") issues stock options to selected directors and employees. The number of options provided to specific individuals is determined at the discretion of the Committee, approved by the Board of Directors, subject to the maximum allowed in the Option Plan. The maximum number of Class A Subordinate Voting Shares ("**Class A Shares**") issued to insiders within a one-year period may not exceed 10% of the number of outstanding Class A Subordinate Voting Shares and the maximum number of Class A Shares reserved for issuance to insiders at any time may not exceed 10% of the number of outstanding Class A Shares.

As at December 31, 2013, the number of Class A shares issuable pursuant to the Option Plan was 10,500,000, of which 7,323,754 Class A shares have been issued upon the exercise of options, leaving 3,176,246 reserved for issuance. The number of Class A shares underlying outstanding options under the Option Plan is 2,470,000. 706,246 options remain available to grant. The exercise price per option is determined by the Board of Directors at the time the option is granted but cannot be less than either the closing price of the shares on the last trading date preceding the date of the grant or the average closing price of the preceding twenty trading days. The expiry date of the options is established by the Board of Directors. Options either vest on the date they are granted or vest over time in the following manner: twenty-five percent vest on the date of granting and twenty-five percent vest on each of the three succeeding anniversary dates. Further information on the Company's Option Plan is described in the Section entitled *Equity Compensation Plan*.

The Company has also established a stock appreciation rights plan ("**SAR Plan**") to reward selected directors and employees. As at December 31, 2013 there were 102,500 rights outstanding at reference prices ranging from \$5.73 to \$7.11. The rights vest at a rate of 50% at the end of year three, 25% at the end of year four and 25% at the end of year five. The rights are exercisable as they vest. All rights granted under this plan expire on the sixtieth day following the fifth anniversary of the grant date. Expiry dates of the rights vary between April 25, 2014 and February 12, 2015. At the date of exercise, cash payments are made to the holders based on the difference between the reference price and the market value of the Company's Class A shares.

Long-term compensation recommendations made by the Committee were submitted to the Board for approval. During 2013, no stock options were granted to the Company's Named Executive Officers. As at December 31, 2013, the Named Executive Officers held a total of 1,690,000 stock options which represents 6.9% of the total outstanding Class A Shares. As at December 31, 2013 1,680,000 of these options were fully vested and exercisable. In 2013, no stock appreciation rights were awarded to Named Executive Officers and they held 50,000 of the total 102,500 outstanding stock appreciation rights as at December 31, 2013. This represents 48.8% of the total stock appreciation rights under the SAR Plan. A total of 60,000 of these stock appreciation rights were fully vested and exercisable as at December 31, 2013.

2.1.4 Other Compensation

Other compensation relates to employer contributions toward the Company's Employee Share Purchase Plan ("**Share Purchase Plan**") and to life insurance policies. The Company's Share Purchase Plan is established for all employees of the Company. Under this plan, employees have the option to purchase Class A Shares and the Company will contribute one third of the employees' contributions toward the purchase of the Class A Shares. See "Equity Compensation Plan" for further details on this plan.

2.1.5 President and Chief Executive Officer ("CEO")

(a) Base Salary

The Committee conducts an annual review of the CEO's performance and the contents of this review are communicated to the Board of Directors for final determination. Factors included, but not limited to, are: success in maximizing shareholder value; ensuring the Company is positioned for continued profitable growth; performance against operating and capital budgets; and goals as established from time to time by the Committee and agreed to by the CEO and the Board of Directors. The amount is determined in a subjective manner and includes comparing the CEO's base salary to the salaries paid to CEO's in the Comparator Group, especially those operating in Atlantic Canada. 2013 base salary for the CEO was \$462,500.

(b) Performance Based Compensation

The CEO's performance based compensation was measured by comparing financial results to the targets established at the beginning of the year, by comparing the achievement of corporate goals against corporate strategies and by considering the achievement of personal objectives. The financial, corporate and personal goals of the CEO are determined by the Committee at the beginning of each fiscal year and are reviewed and approved by the Board of Directors and the CEO. Some of these goals included, but were not limited to: appropriate reaction to economic and corporate challenges; focusing on strategic initiatives to grow the Company in the immediate term; and reviewing acquisition opportunities that fit the Company's acquisition criteria. The amount was not based on a pre-determined formula; rather, the Committee compared the CEO's bonus to those paid to CEO's in the Comparator Group and subjectively determined an amount to be approved by the Board of Directors, based on the above factors and consistent with the disclosure made in section 2.1.2 *Performance Based Compensation*. For the year ended December 31, 2013, the Committee awarded the CEO a bonus of \$650,000, consistent with 2012.

(c) Long-Term Compensation

The CEO was not granted any stock appreciation rights during 2013. As at December 31, 2013 the CEO held 1.8% of the outstanding Class A shares through stock options and 48.8% of the total stock appreciation rights outstanding under the SAR Plan.

(d) Other Compensation

Other compensation relates to employer contributions made toward the Company's Share Purchase Plan and to a life insurance policy. The Company's Share Purchase Plan was described under Section 2.1.4.

2.1.6 Chairman of the Board

(a) Base Salary

As of May 1, 1998, Mr. Harry R. Steele no longer receives salary but is drawing full pension benefits. For a full description of these pension benefits, refer to Section 5.1.

(b) Performance Based Compensation

The Chairman's performance based compensation was determined by the Committee in reference to the Comparator Group and by assessing his achievements in his chairmanship and other roles he fulfills for the Company. The Committee's recommendation was then approved by the independent members of the Board of Directors. In 2013, the performance based compensation was set at \$850,000, consistent with 2012 and consistent with the disclosure made in section 2.1.2 *Performance Based Compensation*.

(c) Long-term Compensation

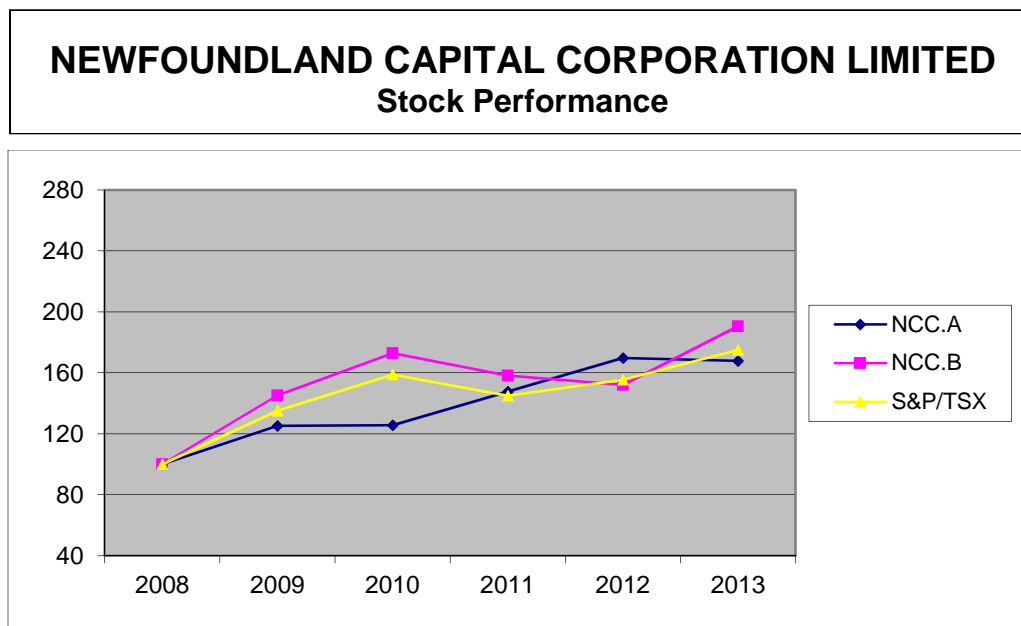

No stock options or stock appreciation rights were granted to the Chairman in 2013. As at December 31, 2013 the Chairman held 3.1% of the outstanding Class A shares through stock options. The Chairman holds no stock appreciation rights.

(d) Other Compensation

Other compensation is determined by the Committee and approved by the independent members of the Board of Directors. This includes the Chairman of the Board fees. Every year, the Committee reviews these fees in relation to what is being paid to chairpersons of the Comparator Group, and other market information is also used to determine the appropriate amount. The amount in 2013 was \$105,000, consistent with prior years. Other compensation also includes payments toward a life insurance policy and contributions toward the Company's Share Purchase Plan, the latter being described under Section 2.1.4.

2.2 Performance Graph

The following graph shows changes over the past five-year period in the value of \$100 invested in (1) the S&P/TSX Total Return Index and (2) Newfoundland Capital Corporation Limited Class A Subordinate Voting Shares and (3) Newfoundland Capital Corporation Limited Class B Common Shares as of December 31, 2013.

S&P/TSX	100.00	135.05	158.83	145.00	155.42	175.09
NCC.A	100.00	125.22	125.58	147.78	169.66	167.78
NCC.B	100.00	145.27	172.96	158.26	152.10	190.57

The above graph demonstrates growth in share value from 2008 to 2013.

Executive compensation paid over the course of the years has followed the trend of this performance graph. In 2008, executive compensation was not increased over the prior year's amount; it remained similar to 2007 compensation because of the economic conditions and the fact that the Company's financial results were in line with those of 2007. Modest base salary increases were granted for fiscal 2012 and 2013, and the 2013 performance based amounts were the same as 2012 because the Company's operational and financial performance were similar to 2012 performance.

2.3 Options-Based Awards

The granting of executive stock options, under the Option Plan, or stock appreciation rights, under the SAR Plan, form part of the Company's long-term compensation program. The Option Plan was developed several years ago. The SAR Plan was adopted in 2006. Both plans were put in place to align senior management's commitment and performance with the long-term financial growth of the Company and maximization of shareholder value.

The annual review of executive compensation by the Audit and Governance Committee (which is also charged with compensation and nomination duties) includes the determination of whether or not to grant executive stock options and/or stock appreciation rights. The Audit and Governance Committee sets forth its executive compensation recommendations to the Board of Directors for approval. The determination of whether or not to grant executive stock options or stock appreciation rights is subjective rather than formula-based and takes into account recommendations made by the CEO and historical compensation by taking into account the amount and timing of previous grants. Communication between the Chair of the Audit and Governance Committee, the CEO and the Chairman of the Board is open and they each have complete access to one another to discuss compensation matters.

In 2013 no stock options or stock appreciation rights were granted to Named Executive Officers.

 - ii. Expected volatility in the market price of shares: 26.5%
 - iii. Expected dividend yield: 2.37%
 - iv. Expected life: 5 years

The Fair Value per option was calculated at \$0.97.

4. Incentive Plan Awards

The values above have not been, and may never be, realized. Actual gains, if any, on exercise will depend on the value of the Class A Subordinate Voting Shares on the date the options and SARs are exercised.

4.2 Incentive Plan Awards – Value Vested During the Year

The following tables show the dollar value that would have been realized if stock options and SARs that vested in 2013 had been exercised in 2013 by Named Executive Officers. The Company does not maintain a non-equity incentive plan.

Stock Options

Name	Option-based awards – Value vested during the year ⁽¹⁾ (\$)	Options vested during the year (#)	Options exercised during the year (#)	Exercise Price (\$)	Expiry Date (M/D/Y)
David J. Murray	8,250	5,000	–	7.46	12/15/2016
Scott G.M. Weatherby	8,250	5,000	–	7.46	12/15/2016

Note:

- ⁽¹⁾ The options granted pursuant to the Option Plan are exercisable as follows: 25% vest on the date of grant and 25% vest on each of the three succeeding anniversary dates. The value calculated is determined based on the number of options vested in 2013 and based on the difference between the exercise price and the TSX closing price of the Class A Shares on the date options vested.

SARs

Name	SARs awards – Value vested during the year ⁽¹⁾ (\$)	SARs vested during the year (#)	SARs exercised during the year (#)	Reference Price (\$)	Expiry Date (M/D/Y)
Robert G. Steele	25,000	12,500	–	7.11	2/12/2015

Note:

- (1) The SARs granted pursuant to the SAR Plan are exercisable as follows: 50% at the end of year three, 25% at the end of year four and 25% at the end of year five. The value calculated is determined based on the number of SARs vested in 2013 and based on the difference between the SAR reference price and the market value of the Class A Shares on the date SARs vested.

5. Pension Plan Benefits

5.1 Defined Benefit Plans

The following Named Executive Officer benefits from the Company's Basic Plan and from the Company's SRPA (both defined in Section 5.3). The table below shows the amounts for benefits payable and accrued obligations under these plans as at December 31, 2013.

Name	Number of years credited service (#)		Annual lifetime benefits payable (\$) ⁽²⁾		Accrued obligation at start of year ⁽³⁾ (\$)	Compensatory change ⁽⁴⁾ (\$)	Non-compensatory change ⁽⁵⁾ (\$)	Accrued obligation at year end ⁽¹⁾⁽⁶⁾ (\$)
	Basic Plan	SRPA	At year end	At age 86				
Harry R. Steele ⁽¹⁾	19	29	613,000	613,000	4,885,000	–	(261,000)	4,624,000

Notes:

- (1) The Chairman, Mr. Harry R. Steele, who has reached retirement age, receives an annual pension from the registered plan and from a non-registered supplementary arrangement. The amounts for 2013 were \$38,875 and \$333,000, respectively and are reductions to the accrued obligations at year end. In addition, at the time of Mr. Steele's retirement as Chairman of the Board, his pension will be re-determined as 66 2/3% of the average of his best 3 consecutive years of earnings. Earnings for this purpose include his annual supplementary pension, Chairman's fee and performance based compensation (performance based compensation is capped at \$500,000 for this calculation). The age at which Harry R. Steele is expected to retire as Chairman of the Board, solely for the purposes of this pension calculation, is 86.
- (2) Amounts are determined based on earnings, credited service up to December 31, 2013, Income Tax Act maximums, and other information as disclosed in *Section 5.3 – Narrative Discussion* below.
- (3) The accrued obligation at the start of the year is the value of the projected pension earned to December 31, 2013 and is based on assumptions as at December 31, 2013, which is the plan measurement date. The assumptions used for both pension plans are disclosed in note 11 in the Company's audited consolidated financial statements for the year ended December 31, 2013.
- (4) From January 1, 2013 to December 31, 2013, compensatory changes were nil.
- (5) From January 1, 2013 to December 31, 2013, non-compensatory changes included interest on the accrued obligation, experience gains or losses that are not compensatory and a change in the retirement age assumption from 85 to 86.
- (6) The accrued obligation at year end is the value of the projected pension earned to December 31, 2013 and is based on assumptions as at December 31, 2013, which is the plan measurement date. The assumptions used for both pension plans are disclosed in note 11 in the Company's audited consolidated financial statements for the year ended December 31, 2013.

5.2 Defined Contribution Plan

The following Named Executive Officers benefit from the Company's defined contribution plan and these are the accumulated values for benefits payable to these individuals as at December 31, 2013.

Name	Accumulated value at start of year (\$)	Compensatory change (\$)	Non-compensatory change (\$)	Accumulated value at year end (\$)
Robert G. Steele	280,669	24,270	71,336	376,275
David J. Murray	397,683	12,800	70,617	481,100
Scott G.M. Weatherby	249,358	23,400	48,931	321,689

5.3 Narrative Discussion

The Company maintains a defined contribution employee pension plan covering the majority of its employees. The Company's contributions to the defined contribution plan are based upon percentages of gross salaries. The Company makes contributions to this plan on behalf of Mr. Robert G. Steele, Mr. David J. Murray and Mr. Scott G.M. Weatherby and these amounts are included in the Defined Contribution Table in the column entitled Compensatory change.

The Company also maintains a registered defined benefit plan ("Basic Plan") for a small group of the Company's current and former employees. The plan provides pension benefits based on length of service and the last five years' of average earnings of each member. The Company measures its accrued benefit obligations and fair value of plan assets for accounting purposes as of December 31 of each year. The most recent actuarial valuation of the pension plan was December 31, 2012.

In addition, the Company has two individual Supplementary Retirement Pension Arrangements ("SRPA's") that each pay a pension to a retired executive. These SRPA's provide benefits over and above that which can be provided under the Income Tax Act, and are thus not pre-funded. Unamortized costs of the SRPA's are expensed over the expected average remaining life of the participating executives.

Mr. Harry R. Steele is the only Named Executive Officer that benefits from the Basic Plan and the SRPA. As mentioned under Section 5.1 Defined Benefit Plans, Mr. Harry R. Steele has reached retirement age and receives pension benefits from the Basic Plan and the SRPA. At the time Mr. Harry R. Steele retires as Chairman of the Board, his pension benefits will be re-determined; further discussion on this is included in footnote 1, under the Defined Benefit Plans table, Section 5.1.

6. Termination and Change of Control Benefits

No Named Executive Officers have employment agreements with the Company. There are no specific arrangements for Named Executive Officers that resign. In the event a Named Executive Officer's employment was terminated, involuntarily or constructively, or if the responsibilities of a Named Executive Officer were changed, arrangements, if any, would be determined at that time consistent with applicable employment laws.

6.1 Change of Control Benefits

There are no arrangements for any form of compensation payable to Named Executive Officers in the event of a change of control. Change of control for these purposes is defined as: a sale or acquisition of more than 50% of the Company's outstanding shares or a sale or acquisition of substantially all of the Company's assets or a sales or acquisition of all of the Company's shares. As at December 31, 2013, had a change of control event occurred, the values of all benefits that would be payable to each Named Executive Officer have previously been disclosed. For amounts related to pension benefits, please refer to Section 5.1 *Defined Benefit Plans* and Section 5.2 *Defined Contribution Plan* for amounts owing to each Named Executive Officer as at December 31, 2013. Amounts payable related to the Option Plan and the SAR Plan have been disclosed in Section 4.1.

6.2 Retirement Benefits

Like change of control benefits, there are no special arrangements for compensation to Named Executive Officers that differ from what has previously been disclosed. Pension benefits payable as at December 31, 2013, if a Named Executive Officer had retired, was disclosed in Section 5.1 *Defined Benefit Plans* and Section 5.2 *Defined Contribution Plan*. Under the Option Plan and the SAR Plan, so long as a retired Named Executive Officer was deemed to be an eligible retiree by the Board of Directors, the terms of the stock options and SAR rights would remain the same. As such, the values for amounts payable under the Option Plan and the SAR Plan have been disclosed in Section 4.1 *Outstanding Share-Based Awards and Option-Based Awards*.

7. Director Compensation

7.1 Director Compensation Table

The following table shows all forms of compensation paid to the directors of the Company for the year ended December 31, 2013. No amounts are disclosed for Mr. Harry R. Steele and Mr. Robert G. Steele because they are Named Executive Officers of the Company and their compensation has been previously disclosed.

Name	Fees earned ⁽¹⁾ (\$)	Share-based awards	Option-based awards	Non-equity incentive plan compensation	Pension value	All other compensation	Total (\$)
Michael C. MacDonald	52,000	–	–	–	–	–	52,000
Allen F. MacPhee	52,000	–	–	–	–	–	52,000
David I. Matheson ⁽²⁾	77,500	–	–	–	–	–	77,500
Donald J. Warr	52,000	–	–	–	–	–	52,000

Notes:

- (1) The annual fees paid to non-executive directors were an annual retainer fee of \$30,000, \$12,000 for Board Meeting attendance fees, and \$10,000 for Audit and Governance Committee meeting attendance fees. The fees were paid in the form of cash.
- (2) David I. Matheson, the Chairman of the Audit and Governance Committee as well as the Chairman of the Disclosure Committee, was paid Chairman fees of \$17,500 and Disclosure Committee attendance fees of \$8,000.

7.2 Narrative Discussion

The Audit and Governance Committee members, pursuant to their nomination and compensation duties, review the compensation of non-executive directors annually. The Committee members compared the director compensation provided by the Comparator Group (discussed in, Section 2.1 *Compensation Discussion & Analysis*, paragraph (b)) to the Company's director compensation in order to determine if the level paid by the Company was appropriate and competitive. The Committee members also look at general compensation surveys annually to compare the Company's director compensation to generally accepted practices for public entities.

No director compensation is provided to directors who are also Named Executive Officers of the Company, except for the Chairman who received a Chairman's fee of \$105,000.

Directors' and officers' liability insurance has been purchased by the Company for the benefit of the directors and officers of the Company and its subsidiaries. For the fiscal year ended December 31, 2013, the premium for such insurance was \$55,900 which was paid by the Company. The aggregate insurance coverage obtained under the policy is limited to \$20,000,000 for any one loss. The deductible to be borne by the Company is \$100,000 for each loss.

7.3 Outstanding Share-Based Awards and Option-Based Awards

The following table indicates all option-based awards outstanding as at December 31, 2013 for all non-executive directors. The Company does not provide a share-based award program.

Name	Number of securities underlying unexercised options (#)	Option exercise price (\$)	Option expiration date (M/D/Y)	Value of unexercised in-the-money options ⁽¹⁾ (\$)
Michael C. MacDonald	30,000	6.48	12/06/2017	68,100

	30,000	2.43	12/14/2018	
	30,000	6.48	12/06/2017	

Note:

- (1) The value of unexercised in-the-money options at December 31, 2013 is the difference between the TSX closing price of the Class A Shares on December 31, 2013 (\$8.75) and the exercise prices for options. The values above have not been, and may never be, realized. Actual gains, if any, on exercise will depend on the value of the Class A Subordinate Voting Shares on the date the options and SARs are exercised.

7.4 Incentive Plan Awards – Value Vested During the Year

All of the non-executive directors' stock options vested prior to this year. The Company does not maintain a non-equity incentive plan.

EQUITY COMPENSATION PLAN

Under the Company's Option Plan, options may be granted for the purchase of Class A Subordinate Voting Shares of the Company.

The essential features of the Option Plan are as follows:

- (i) The purpose of the Option Plan is to enable directors, officers, employees of the Company and persons engaged by the Company and its affiliates to provide services for an initial, renewable or extended period of twelve months or more, to acquire a proprietary interest in the Company and to utilize stock options as a component of long-term compensation to employees of the Company.
- (ii) The number of Class A Subordinate Voting Shares issuable under the Option Plan in aggregate since 1994 was 10,500,000 (on a post-split basis following the stock split effected on November 25, 2009), being approximately 43% of the Class A Subordinate Voting Shares outstanding at March 3, 2014, of which 7,323,754 Class A Subordinate Voting Shares (on a post-split basis following the stock split effected on November 25, 2009), being approximately 30% of the Class A Subordinate Voting Shares outstanding at March 3, 2014, have been granted under the Option Plan since 1994, leaving 3,176,246 Class A Subordinate Voting Shares reserved for issuance, being approximately 13% of the Class A Subordinate Voting Shares outstanding at March 3, 2014.

The Company's Amended and Restated Employee Share Purchase Plan (the "**ESPP**") provides an opportunity to employees of the Company, and of subsidiaries of the Company, to acquire an ownership interest in the Company through the purchase of Class A Subordinate Voting Shares.

The essential features of the ESPP are as follows:

- i. An employee of the Company, or of a subsidiary of the Company, is eligible to become a member of the ESPP (a "Member"). The ESPP does not limit insider participation, and does not limit the number of Class A Subordinate Voting Shares that may be acquired under the ESPP for one individual Member. Membership in the Plan is not transferable or assignable.
- ii. Members participating in the ESPP may make contributions, by payroll deductions, at a rate of not less than 2% of the Member's salary, or such integer percentage rate up to and including 6% of the Member's salary as such Member may select. The Company will make contributions for each Member at a rate of 33^{1/3}% of such Member's contribution.
- iii. Member's payroll deductions and corresponding Company contributions will be remitted by the Company to the administrator of the ESPP (the "Administrator") on a monthly basis. The Administrator may purchase on a monthly basis Class A Subordinate Voting Shares of the Company in such amounts and in such manner as in its discretion is in the interest of the Members. The Administrator may purchase the Class A Subordinate Voting Shares in the open market at the then current market price, or from treasury, up to a maximum of 1,500,000 Class A Subordinate Voting Shares. The purchase price for the Class A Subordinate Voting Shares from treasury shall be the closing price of the Class A Subordinate Voting Shares on the TSX on the last trading day on which the Class A Subordinate Voting Shares traded on the TSX immediately preceding the purchase date. The Administrator may exercise any stock rights which may be acquired in respect of the Class A Subordinate Voting Shares held in trust in connection with the administration of the ESPP.
- iv. A Member may suspend participation in the ESPP with notice in writing 15 days prior to the first month in which payroll deductions are to be suspended. A Member who has suspended his or her contributions may apply to the Company to have them resumed in accordance with the ESPP effective on the January 1st or July 1st next following 15 days written notice of such intent.
- v. A Member may elect, once per calendar month, to sell all or part of the Class A Subordinate Voting Shares credited to his or her account provided the Member completes and files with the Company, no later than the last day of the month immediately preceding the elected month of sale, a notice in the prescribed form.
- vi. A Member who terminates employment, retires or otherwise elects to withdraw from participation in the ESPP, or, in the event of the Member's death the Member's designated beneficiary or estate, as applicable, will have the choice to receive (a) the number of whole Class A Subordinate Voting Shares credited to his account as of the date of termination of employment, retirement, death or withdrawal from the Plan, whichever the case may be. Any fractional Class A Subordinate Voting Shares remaining in the Member's account will be paid in cash or by cheque in an amount equal to the value of the fractional Class A Subordinate Voting Shares as determined by the Administrator, or (b) the cash equivalent of the value of the Class A Subordinate Voting Shares credited to his account as of the time of sale.
- vii. The Board of Directors may at any time terminate the ESPP with such termination to be effective no earlier than the first day of the calendar month next following the adoption of the resolution by the Board of Directors to terminate the ESPP. In the event of termination of the ESPP, each Member will have the option to receive, as soon as practicable following the effective date of termination of the Plan: (a) the number of whole Class A Subordinate Voting Shares credited to his account as of the date of termination of the Plan. Any fractional Class A Subordinate Voting Shares remaining in the Member's account will be paid in cash or by cheque in an amount equal to the value of the fractional Class A Subordinate Voting Shares as determined by the Administrator, or (b) the cash equivalent of the value of the Class A Subordinate Voting Shares credited to his account as of the time of sale.
- viii. Each employee of a subsidiary of the Company shall, upon such company ceasing to be a subsidiary of the Company, cease to be a Member of the ESPP and will have the option to receive, as soon as practicable following the date he ceases to be a Member of the Plan (a) the number of whole Class A Subordinate Voting Shares credited to his account as of the date he ceases to be a Member of the Plan. Any fractional Class A Subordinate Voting Shares remaining in the Member's account will be paid in cash or by cheque in an amount equal to the value of the fractional Class A Subordinate Voting Shares as determined by the Administrator, or (b) the cash equivalent of the value of the Class A Subordinate Voting Shares credited to his account as of the time of sale.
- ix. The Board of Directors may, subject to the policies, rules, regulations and discretions of the TSX and to the requirements of any other applicable regulatory authority, at any time and from time to time, without notice or shareholder approval, amend or modify the ESPP, or any portion thereof in such respects as the Board of Directors may

consider advisable, provided that no amendment or modification shall adversely affect the rights and interest of a Member's Class A Subordinate Voting Shares allocated to his account under the ESPP prior to the date of such amendment or modification.  - j. Any amendment to add covenants of the Company for the protection of Members, provided that the Board of Directors shall be of the good faith opinion that such additions will not be prejudicial to the rights or interest of the Members;
 - k. Any amendment not inconsistent with the ESPP as may be necessary or desirable with respect to matters or questions, which in the good faith opinion of the Board of Directors, having in mind the best interests of the Members, it may be expedient to make, provided that the Board of Directors shall be of the opinion that such amendments and modifications will not be prejudicial to the interests of the Members; and
 - l. Any such changes or corrections which, in the advice of counsel to the Company, are required for the purpose of curing or correcting any ambiguity or defect or inconsistent provision or clerical omission or mistake or manifest error, provided that the Board of Directors shall be of the opinion that such changes or corrections will not be prejudicial to the rights and interest of the Members.
- x. Notwithstanding any other provision of the ESPP, none of the following amendments shall be made to the ESPP without approval of the shareholders:

CORPORATE GOVERNANCE DISCLOSURE REQUIREMENT	COMMENTS
1. (a) Disclose the identity of directors who are independent.	<p><i>The Board analyses all the relationships of the directors with the Company and its subsidiaries. Michael C. MacDonald, Allen F. MacPhee, David I. Matheson and Donald J. Warr are independent.</i></p> <p><i>Mr. Warr is a financial advisor to the Steele Family. None of these independent directors work in the day-to-day operations of the Company, are party to any material contracts with the Company or receive any material fees other than as directors.</i></p> <p><i>The Board, with the affirmative vote of the three other independent directors, determined that Mr. Warr's relationship with the Steele family does not materially interfere with his ability to act with a view of the best interests of the Company and accordingly Mr. Warr is an independent director. Mr. Warr's performance and dedication to the Company over many years exemplifies his integrity in fulfilling his fiduciary duties in serving the Company and the best interests of its shareholders as a whole. These conclusions were reached by Board members, individually and as a group, after careful consideration of respective interests and relationships and review of the relevant definitions in the applicable securities rules.</i></p> <p><i>As officers of the Company, each of Mr. Harry R. Steele and Mr. Robert G. Steele are considered not independent.</i></p>
(b) Disclose the identity of directors who are not independent, and describe the basis for that determination.	<p><i>An "independent director" is defined under applicable securities rules as a director who has no direct or indirect relationship with the Company which could, in the view of the Board, be reasonably expected to interfere with a member's independent judgment. The Board determines whether or not each director is independent or non-independent. In any instance, as a matter of governance policy of the Board, such determination of the Board requires the agreement of all those who have been determined as being independent.</i></p>
(c) Disclose whether or not a majority of directors are independent. If a majority of directors are not independent, describe what the Board of Directors ("Board") does to facilitate its exercise of independent judgment in carrying out its responsibilities.	<p><i>The Board is composed of six members, a majority of whom are independent, and is constituted with an appropriate number of directors which fairly reflects the investment in the Company by shareholders other than the significant shareholder. The Board is of the opinion that because a majority of directors are independent that it acts independently of management.</i></p>
(d) If a director is presently a director of any other issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction, identify both the director and the other issuer.	<p><i>All directorships with other public entities are set out in the table on page 9.</i></p>
(e) Disclose whether or not the independent directors hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. If the independent directors hold such meetings, disclose the number of meetings held since the beginning of the issuer's most recently completed financial year. If the independent directors do not hold such meetings, describe what the Board does to facilitate open and candid discussion among its independent directors.	<p><i>The independent directors meet without non-independent directors or members of management at the end of every scheduled Board meeting. In 2013, there were six meetings of the independent directors. The Audit and Governance Committee is composed of independent directors.</i></p>
